Pray for Missions - South Korea

"Korean Christians and IMB missionaries are praying for a spiritual revival in South Korea and the revitalization of Korean churches. Please join us in this prayer. Only a small percentage of university students claim to be Christians, and the majority of the population indicates that it has no religious affiliation. Believers long to see this changed. Please ask God to bless the ministries of Christians who are evangelizing, making disciples, and planting urban churches among university students and young professionals. As IMB missionaries partner with South Korean Christians and churches for the Great Commission task, pray for God to move, by His Holy Spirit, to bring about a revival among the Korean people and throughout the land."
